(16 Apr 1657) William Bendy the elder of King Swinford yeoman ... William Bendy eldest son ...

Mr. Urban, Birmingham, June 9. The following List of Magistrates for the County of Stafford in l647 is extracted from a small MS book, commencing A.D. 1646, in the handwriting of William Bendy, Clerk of the Peace for that County, to which office he was appointed by the then Custos Rotulorum, the Earl of Manchester, in the last-mentioned year. This gentleman was of Kings Swinford in Staffordshire, and his initials "G.B." (Gulielmus Bendy), with the date "Jan 1646," are written inside the cover at the beginning of the book. He died in l684; before and after which time, till the year 1723, there are some entries in the hand-writing of William Bendy his son, but none of later date. The entries by the father consist chiefly of various official and legal documents, extracts of Acts of Parliament, &c. many of them appertaining to his office; those by the son are family memorandums, for the most part relating to purchases of land. The most interesting articles relate to military transactions, and to proceedings of the Committee for plundered Ministers within the County, during the time of the Commonwealth; some particulars of which I purpose sending to you at a future opportunity, if acceptable [footnote: We shall be glad to peruse them. ED] G. Yates.
